NEW ZEALAND - Ph: 0800 764 766					
SECTION 2: Hazards identification					
2.1. Classification of the substance or	r mixture				
GHS classification					
Not classified.					
2.2. Label elements					
GHS labelling					
No labelling applicable.					
2.3. Other hazards					
No additional information available.					
2.4. Unknown acute toxicity (GHS)					
Not applicable.					
ECTION 2: Composition/informat	ion on ingradianta				
SECTION 3: Composition/informat 3.1. Substance	ion on ingredients				
Not applicable.					
3.2. Mixture					
Name	Product identifier	%	GHS classification		
Oils, thyme	(CAS No) 8007-46-3	0.01 - 0.1	None by HazCom 2012 criteria.		
SECTION 4: First aid measures					
1.1. Description of first aid measures					
First-aid measures after inhalation		If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical advice/attention if you feel unwell.			
	· If irritation acoura, fluch akin with n	If irritation occurs, flush skin with plenty of water. Get medical attention if irritation persists.			
First-aid measures after skin contact	. II IIIIauon occurs, ilusii skiii wilii p	ienty of water. Get medica	In case of contact, flush eyes with plenty of water. Remove contact lenses, if worn.		
		•

Safety Data Sheet according to the Hazard Communication Standard (CFR29 1910.1200) HazCom 2012 WHMIS 2015

	9 1910.1200) HazCom 2012 WHMIS 2015
SECTION 5: Firefighting measures	
5.1. Extinguishing media	
Suitable extinguishing media	: Treat for surrounding material.
Unsuitable extinguishing media	: None known.
5.2. Special hazards arising from the sul	bstance or mixture
Fire hazard	: None known.
5.3. Advice for firefighters	
Protection during firefighting	: Keep upwind of fire. Wear full fire fighting turn-out gear (full Bunker gear) and respiratory
Protection during menghting	protection (SCBA).
SECTION 6: Accidental release meas	
General measures	: Use personal protection recommended in Section 8. Keep unnecessary personnel away from the release.
6.2. Methods and material for containme	ent and cleaning up
For containment	: Contain and/or absorb spill, then place in a suitable container.
Methods for cleaning up	: Thoroughly wash the area with water after a spill or leak.
6.3. Reference to other sections	
	e clothing and equipment and section 13 for advice on waste disposal.
SECTION 7: Handling and storage	
7.1. Precautions for safe handling Precautions for safe handling	: Avoid contact with eyes. Do not swallow. Handle and open container with care.
Precautions for safe handling	When using do not eat, drink or smoke.
Hygiene measures	: Wash hands with water as a precaution.
	-
7.2. Conditions for safe storage, includin Storage conditions	: Keep out of the reach of children. Keep container tightly closed. Store at room temperature.
-	
7.3. Specific end use(s)	
Not available.	
SECTION 8: Exposure controls/perse	onal protection
8.1. Control parameters	
No additional information available.	
8.2. Exposure controls	
Appropriate engineering controls	: No special precuations.
Personal protective equipment	
	: Avoid all unnecessary exposure.
Hand protection	
	: Avoid all unnecessary exposure.
Hand protection	 Avoid all unnecessary exposure. None necessary under normal conditions of use. None necessary under normal conditions of use. None necessary under normal conditions of use.
Hand protection Eye protection	 Avoid all unnecessary exposure. None necessary under normal conditions of use. None necessary under normal conditions of use.
Hand protection Eye protection Skin and body protection Respiratory protection Environmental exposure controls	 Avoid all unnecessary exposure. None necessary under normal conditions of use. Maintain levels below Community environmental protection thresholds.
Hand protection Eye protection Skin and body protection Respiratory protection	 Avoid all unnecessary exposure. None necessary under normal conditions of use.
Hand protection Eye protection Skin and body protection Respiratory protection Environmental exposure controls Other information	 Avoid all unnecessary exposure. None necessary under normal conditions of use. Maintain levels below Community environmental protection thresholds. Handle according to established industrial hygiene and safety practices.
Hand protection Eye protection Skin and body protection Respiratory protection Environmental exposure controls Other information SECTION 9: Physical and chemical p	 Avoid all unnecessary exposure. None necessary under normal conditions of use. Maintain levels below Community environmental protection thresholds. Handle according to established industrial hygiene and safety practices.
Hand protection Eye protection Skin and body protection Respiratory protection Environmental exposure controls Other information SECTION 9: Physical and chemical p 9.1. Information on basic physical and c	 Avoid all unnecessary exposure. None necessary under normal conditions of use. Maintain levels below Community environmental protection thresholds. Handle according to established industrial hygiene and safety practices.
Hand protection Eye protection Skin and body protection Respiratory protection Environmental exposure controls Other information SECTION 9: Physical and chemical p 9.1. Information on basic physical and c Physical state	 Avoid all unnecessary exposure. None necessary under normal conditions of use. Maintain levels below Community environmental protection thresholds. Handle according to established industrial hygiene and safety practices.
Hand protection Eye protection Skin and body protection Respiratory protection Environmental exposure controls Other information SECTION 9: Physical and chemical p 9.1. Information on basic physical and c Physical state Appearance	 Avoid all unnecessary exposure. None necessary under normal conditions of use. Maintain levels below Community environmental protection thresholds. Handle according to established industrial hygiene and safety practices.
Hand protection Eye protection Skin and body protection Respiratory protection Environmental exposure controls Other information SECTION 9: Physical and chemical p 9.1. Information on basic physical and c Physical state Appearance Color	 Avoid all unnecessary exposure. None necessary under normal conditions of use. Maintain levels below Community environmental protection thresholds. Handle according to established industrial hygiene and safety practices. Droperties Liquid Clear No data available
Hand protection Eye protection Skin and body protection Respiratory protection Environmental exposure controls Other information SECTION 9: Physical and chemical p 9.1. Information on basic physical and c Physical state Appearance Color Odor	 Avoid all unnecessary exposure. None necessary under normal conditions of use. Maintain levels below Community environmental protection thresholds. Handle according to established industrial hygiene and safety practices. Droperties Liquid Clear No data available Light lemon & thyme
Hand protection Eye protection Skin and body protection Respiratory protection Environmental exposure controls Other information SECTION 9: Physical and chemical p 9.1. Information on basic physical and c Physical state Appearance Color Odor Odor threshold	 Avoid all unnecessary exposure. None necessary under normal conditions of use. Maintain levels below Community environmental protection thresholds. Handle according to established industrial hygiene and safety practices. Droperties E Liquid Clear No data available Light lemon & thyme No data available
Hand protection Eye protection Skin and body protection Respiratory protection Environmental exposure controls Other information SECTION 9: Physical and chemical p 9.1. Information on basic physical and c Physical state Appearance Color Odor Odor threshold pH	 Avoid all unnecessary exposure. None necessary under normal conditions of use. Maintain levels below Community environmental protection thresholds. Handle according to established industrial hygiene and safety practices. Oroperties hemical properties Liquid Clear No data available Light lemon & thyme No data available 4.0 – 5.0
Hand protection Eye protection Skin and body protection Respiratory protection Environmental exposure controls Other information SECTION 9: Physical and chemical p 9.1. Information on basic physical and c Physical state Appearance Color Odor Odor threshold pH Melting point	 Avoid all unnecessary exposure. None necessary under normal conditions of use. Maintain levels below Community environmental protection thresholds. Handle according to established industrial hygiene and safety practices. Oroperties Hemical properties Liquid Clear No data available Light lemon & thyme No data available 4.0 – 5.0 As per water
Hand protection Eye protection Skin and body protection Respiratory protection Environmental exposure controls Other information SECTION 9: Physical and chemical p 9.1. Information on basic physical and c Physical state Appearance Color Odor Odor threshold pH	 Avoid all unnecessary exposure. None necessary under normal conditions of use. Maintain levels below Community environmental protection thresholds. Handle according to established industrial hygiene and safety practices. Safety Data Sheet

according to the Hazard Communication Standard (CFR29 1910.1200) HazCom 2012 WHMIS 2015

Flash point	: Not applicable
Relative evaporation rate (butylacetate=1)	: As per water
Flammability (solid, gas)	: Not flammable
Explosive limits	: Not applicable
Explosive properties	: No data available
Oxidising properties	: No data available
Vapor pressure	: Not applicable
Relative density	: 1.00 - 1.02
Relative vapor density at 20 °C	: Not applicable
Solubility	: Soluble in water
Partition coefficient: n-octanol/water	: No data available
Log Kow	: No data available
Auto-ignition temperature	: Not combustible
Decomposition temperature	: No data available
Viscosity	: As per water

9.2. Other information

No additional information available.

SECTION 10: Stability and reactivity		
10.1. Reactivity		
No dangerous reaction known under conditions of normal use.		
10.2. Chemical stability		
Stable under normal storage conditions.		
10.3. Possibility of hazardous reactions		
No dangerous reaction known under conditions of normal use.		
10.4. Conditions to avoid		
None known.		
10.5. Incompatible materials		
None known.		
10.6. Hazardous decomposition products		
None known.		

SECTION 11: Toxicological information

11.1. Information on toxicological effects

Acute toxicity

: Not classified.

Benefect Botanical Decon 30 Disinfectant	
LD50 oral rat	> 2000 mg/kg
LD50 dermal rabbit	> 2000 mg/kg
LC50 inhalation rat	> 20 mg/l/4h
Skin corrosion/irritation	: Based on available data, the classification criteria are not met.
Serious eye damage/irritation	: Based on available data, the classification criteria are not met.
Respiratory or skin sensitization	: Based on available data, the classification criteria are not met.
Germ cell mutagenicity	: Based on available data, the classification criteria are not met.
Carcinogenicity	: Based on available data, the classification criteria are not met.
Reproductive toxicity	: Based on available data, the classification criteria are not met.
Specific target organ toxicity (single exposure)	: Based on available data, the classification criteria are not met.
Specific target organ toxicity (repeated exposure)	: Based on available data, the classification criteria are not met.
Aspiration hazard	Based on available data, the classification criteria are not met.
Symptoms/injuries after inhalation	None under normal use. May cause slight irritation.
Symptoms/injuries after skin contact	None under normal use. May cause slight irritation. Symptoms may include redness, drying, defatting and cracking of the skin.
Symptoms/injuries after eye contact	None under normal use. May cause slight irritation. Symptoms may include discomfort or pain, excess blinking and tear production, with possible redness and swelling.

Safety Data Sheet

according to the Hazard Communication Standard (CFR29 1910.1200) HazCom 2012 WHMIS 2015

Symptoms/injuries after ingestion	: None under normal use.
SECTION 12: Ecological information	
12.1. Toxicity	
Ecology – general Aquatic Toxicity	No known significant effects or critical hazards.Not toxic to aquatic life (IC50>100mg/L, Protocol EPS 1/RM/24
12.2. Persistence and degradability	
Persistence and degradbility	Readily biodegradable.
12.3. Bioaccumulative potential	
Bioaccumulative potential	None.
12.4. Mobility in soil	
No additional information available.	
12.5. Other adverse effects	
Effect on the global warming	: No known ecological damage caused by this product.
SECTION 13: Disposal consideration	15
13.1. Waste treatment methods	
Waste disposal recommendations	Dispose in a safe manner in accordance with local/national regulations. Recycle empty containers where allowed.
SECTION 14: Transport information	
Department of Transportation (DOT)	
In accordance with DOT.	
Not regulated for transport.	
Additional information	
Other information	: No supplementary information available.
Special transport precautions	: Do not handle until all safety precautions have been read and understood.

SECTION 15: Regulatory information	
15.1. US regulations	

All components of this product are not listed or are excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory.

EPA labelling

This chemical is a pesticide product registered by the Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets, and for workplace labels of non-pesticide chemicals. Following is the hazard information as required on the pesticide label:

This product has no assigned hazard information according to the Environmental Protection Agency.

This product does not contain a chemical known to the State of California to cause cancer, birth defects or other reproductive harm. 15.2. Canada regulations

WHMIS: Exempt DIN # 02415046

This product has no assigned hazard information according to Health Canada.

SECTION 16: Other information

HMIS			
Health Hazard:	0		
Flammability:	0		
Reactivity:	0		
Date of revision		:	04/23/2020
Other information		:	None.
